Current Stepper-ettes are welcome to participate in all shows and events. Many families choose to participate in 3 or 4 performances.

By participating, students gain valuable lessons in working together, performance skills, and flexibility in different situations. Performances are what give the Stepper-ettes an edge later in life. I have seen first hand in my own children all the benefits they have enjoyed that can be attributed to their performance experience.

***Parents- if you plan to help out at any of our parades or performances, please wear your new black Stepper-ette t-shirt.**

A fun performance season is ahead!

**Have a great summer!
